Computer Access

There are two computers in the office which allow the public access to assessment, exemption and inventory data. This data has been compiled by the local assessor. It can be viewed by entering the owner’s last name, the tax map number or the location of the property. If you are interested in printing the parcel data, the cost is \$1.00 per parcel/report.

Customized Reports

This Agency has the ability to customize reports using the data within the Real Property System. The data used in these report has been compiled by the local assessor.

The cost for a customized report is .05 cents per parcel. There is also a \$10 setup fee.
